Windows 10

**Step 1.** Click the wifi icon in your taskbar on the bottom right of the screen.

**Step 2.** Select the YCCD WiFi network. Click connect automatically so you do not have to re-connect manually each time you come to campus.
**Step 3.** Enter your Student ID number (first letter of your last name + seven digits) for the username and the password is your PortalGuard/Webadvisor password.

**Step 4.** After you hit OK you will be prompted to continue connecting hit Connect to finish.
Step 5. The first time you connect to the YCCD WiFi on a device you will be required to accept the YCCD Acceptable Use Policy. You will not have to accept this again for 90 days.
